Publicity

**Check out the fantastic ★ starred *Publishers Weekly* review of
STARVATION LAKE.**

“Gruley’s outstanding debut effortlessly incorporates his inside knowledge...into a tale of violence and betrayal that will remind many of Dennis Lehane.”

The fantastic ★ starred *Booklist* review.

“A wonderfully polished and assured first novel. Many good crime novels appear every month, but few have the depth and poignancy of Starvation Lake, which deserves comparison with Dennis Lehane’s Mystic River.”

And the fantastic ★ starred *Library Journal* review.

“A terrific first novel about what it means to be a journalist. Full of insider knowledge about hockey and great local color, this is not to be missed.”
